

M.Sc Environmental Sciences

Stundenpläne / Timetables - Wintersemester 2024/25

1. Fachsemester / First Semester

Landnutzung und Naturschutz							
Zeit	Montag	Dienstag	Mittwoch	Donnerstag	Freitag		Block danach
08:00-12:00	Research Skills	Landwende- & Forstrecht	Politische Prozesse in Landnutzung & Naturschutz		Regional-entwicklung		Wahlpflicht (optional)
14:00-18:00		Multi-Disciplinary Perspectives on Environmental Sciences	Umwelt- & Landschafts-planung				

Climate Change Ecology							
Time	Monday	Tuesday	Wednesday	Thursday	Friday		Block after
08:00-12:00	Research Skills	Environmental Statistics	Lab-Analysis of Climate Change Impact	EcoFun			Climate Impact Research
14:00-18:00		Multi-Disciplinary Perspectives on Environmental Sciences					

Environmental Modelling and Data Sciences							
Time	Monday	Tuesday	Wednesday	Thursday	Friday		Block after
08:00-12:00	Research Skills	Environmental Statistics	Environmental Monitoring, Data Analysis & Visualization	EcoFun	Earth System Modelling		Elective (optional)
14:00-18:00		Multi-Disciplinary Perspectives on Environmental Sciences					

Sustainability Assessment & Transformation							
Time	Monday	Tuesday	Wednesday	Thursday	Friday		Block after
08:00-12:00	Research Skills	Environmental & Ressource Economics	Material and Energy Flow Analysis	EcoFun			Elective (optional)
14:00-18:00	Environmental & Ressource Economics	Multi-Disciplinary Perspectives on Environmental Sciences					

Wildlife and Biodiversity							
Time	Monday	Tuesday	Wednesday	Thursday	Friday		Block after
08:00-12:00	Research Skills	Environmental Statistics	Analysis of Biodiversity Data	Biodiversity & Conservation Biology			Elective (optional)
14:00-18:00		Multi-Disciplinary Perspectives on Environmental Sciences	Genetic & Genomic Methods in Wildlife Conservation
